**NOTE TO ALL CONTRACTORS FROM  
2022 DEAR CALL FOR PROPOSALS N° 173998**

Dear all,

The guidance to applicants of the 2022 call for Proposals n° 173998 indicates that:

*“A legal entity may only be eligible to receive one financial support to third party within the framework of this call for proposals”*. **Guidelines (page 20):**

To ensure equal treatment, all contractors, from 2022 CfPs n° 173998, should comply with this requirement.

In this respect, we would appreciate that all contractors request the third party to sign a declaration of honor, before signing the financial support, indicating they have not received any financial support from any contractor from the 2022 Call n°173998.

You will find attached to this letter a “declaration of honor” template including the minimal information the “declaration of honor” should contain.

We also highly recommend that this condition is previously included in the guidelines of your calls.

Thank you in advance.

Yours faithfully,

Electronically signed

Agnieszka SKURATOWICZ

Head of Unit

Annex: Declaration of Honor
