PLATFORM: ONLINE

ABOUT THE TRAINING:

This interactive program equips young people from Kenya, Tanzania, Uganda, Italy, and Austria with digital skills for climate advocacy.

Participants will engage in digital storytelling, social media activism, and citizen journalism to inspire youth-led climate action.

Each session will begin with an inspiring talk from a distinguished expert in climate justice, digital activism, or environmental journalism.

Speakers will share valuable insights, real-world experiences, and practical strategies on how digital tools can drive impactful climate action.

HANDS-ON EXPERIENCE & PRACTICAL SKILLS

Through interactive **workshops and exercises**, participants will learn to:

- Detect **fake climate news**
- Create **impactful social media content** (Reels, short videos, Canva designs)
- Design and launch **digital climate campaign**

GLOBAL NETWORKING & COLLABORATION

Participants will engage in **peer-to-peer learning**, work with climate influencers, and gain insights from **experts in climate journalism, digital activism, and social media advocacy**.

SPEAKERS:

Experts in **climate journalism, digital activism, and social media advocacy** will share practical insights and real-world strategies.

CERTIFICATION:

Participants who submit a final **digital campaign project** will receive a **certificate of participation**.

JOIN THE MOVEMENT!

Connect, create, and take action for **climate justice and digital advocacy**.
